SHAKESPEARE ROCKS! by Steve Titford is a modern musical comedy to celebrate the 400 years since the death of the great English play write and poet, William Shakespeare (ca. 23 April 1564 – 23 April 1616).

Amazingly, our narrators Aubrey and Al, of the ‘Rough Shakespeare Company’, have discovered the Bard’s personal diary. As they narrate milestones of Will’s life, the scenes are acted out to depict the fans, the paparazzi “painters”, the builders of the Globe theatre and various actors playing snippets from As You Like It, Twelfth Night, A Midsummer Night’s Dream, Romeo and Juliet, Macbeth – sorry – The Scottish Play and Henry V.
